

Approach: The Naval Aviation Safety Review.1963. Naval Safety Center, 1963

History of navy safety program. As your employer, the Navy is obligated by law to provide you with a safe and healthy work environment. Shipboard life, shipyard industrial activities, and aviation maintenance areas, especially, are inherently dangerous. We must keep our crewmembers, as well as civilian workers, healthy and ready to perform their missions.Â OPNAVINST 3750.6Q, The Naval Aviation Safety Program, is the reference for safety within the aviation community. These instructions are discussed in later chapters. SAFETY POLICY.Â 8. Developing and reviewing procedures and standards for conducting mishap investigations; assisting in investigations of significant mishaps involving naval aircraft, ships, and submarines; taking part, as requested, in. 1-6. The Aviation Safety Program ensures mission success and preserves human and material resources by preventing damage and injury through the elimination or mitigation of hazards. The center Aviation Safety Officers (ASOs) serve as the center's focal point for Aviation Safety and also are responsible for managing the center's Aviation Safety Program.Â Micklewright is an experienced naval aviator with over 4,500 hours of flight time in more than 30 different aircraft types. During his military service career, he served as a naval aerospace engineering duty officer and was an instructor pilot, test pilot, safety officer and maintenance Quality Assurance officer. "The naval aviation safety review." Vols. for 1955-May 1968 issued by: the U.S. Naval Aviation Safety Center; <1979>-1995 by: Naval Safety Center. Merged with: Mech, to form: Approach Mech. Notes. Naval Safety Center, Norfolk, VA. 14K likes. Welcome to the Official Facebook Fan Page of the Naval Safety Center.
