

Learn Excel 2010 Essential Skills with the Smart Method: Courseware Tutorial for Self-Instruction to Beginner and Intermediate Level

By Mike Smart

The Smart Method Ltd, United Kingdom, 2011. Paperback. Book Condition: New. 295 x 208 mm. Language: English . Brand New Book. This Excel 2010 book is very, very different to any other computer book you have ever read. The Smart Method provides an entirely new and better way to learn Excel 2010. Here are just four of the many ways in which this book is unique: The book will equip you with excellent Excel 2010 skills, good enough to impress any employer, but it doesn't confuse by attempting to teach skills that are not common in the workplace. Only users who have advanced requirements need progress to the Expert Skills book. Instruction is logically structured into sessions and lessons. While this makes the book ideal for self-instruction, you can also use it to run your own, highly effective, adult training courses. Every lesson is presented on two facing sheets of A4 paper (the pages are much bigger than in any other Excel book). Each lesson has a sample file that models a real-world business problem. You'll immediately appreciate the value and relevance of each skill as it is taught. Both IT professionals and absolute beginners will love this book...
