Description:

Thoroughly updated for its Fifth Edition, Lippincott's Illustrated Reviews: Biochemistry enables students to quickly review and assimilate large amounts of complex information through powerful visual resources essential to mastery of difficult biochemical concepts. Its signature outline format, full-color illustrations, end-of-chapter summaries, and USMLE-style review questions make it one of the most user-friendly books in the field. New features include expanded coverage of molecular biology.

A companion website offers fully searchable online text and additional USMLE-style questions for students and an image bank for faculty.

Series: Lippincott's illustrated reviews. [DNLN;; 1. Biochemistry--Examination Questions. QU 18.2] 612.3â€²9--dc23 2012025941
DISCLAIMER Care has been taken to confirm the accuracy of the information presented and to describe generally accepted practices.Â
After an extensive series of purification procedures, scientists were surprised to find that the infectivity of the agent causing scrapie in sheep was associated with a single protein species that was not complexed with detectable nucleic acid. This infectious protein is designated PrPSc (Sc = scrapie). Lippincott Illustrated Reviews: Biochemistry Seventh Edition. Denise R. Ferrier, PhD Professor Department of Biochemistry and Molecular Biology Drexel University College of Medicine Philadelphia, Pennsylvania.Â After an extensive series of purification procedures, scientists were surprised to find that the infectivity of the agent causing scrapie in sheep was associated with a single protein species that was not complexed with detectable nucleic acid. This infectious protein is designated PrPSc (Sc = scrapie). Lippincott&s Illustrated Reviews: Biochemistry is the long-established first-and best resource for the essentials of biochemistry. Students rely on this text to help them quickly review, assimilate, and integrate large amounts of critical and complex information. For more than two decades, faculty and students have praised LIR Biochemistry&s matchless illustrations that make concepts come to life. NEW! extensive revisions and updated content.
