Title: Starting Point: 1979-1996 Author: Hayao Miyazaki Publisher: Viz Media Pub date: August 5, 2009 500 pages, ISBN: 978-1421505947 Translated from the Japanese original. Starting Point is an essential book for Westerners to understand Miyazaki. This really is the first anthology to seriously explore the man and his art, to really dig deep into his insights, his worldview, his history. I don't think most people, and particularly movie critics and scholars, look beyond the surface level of his films.
