

# The Definitive Time Machine: A Critical Edition of H.G. Wells's Scientific Romance Indiana University Press, 1987 1987 Herbert George Wells 218 pages 9780253316110

The Time Machine is a science fiction novella by H. G. Wells, published in 1895 and written as a frame narrative. The work is generally credited with the popularization of the concept of time travel by using a vehicle or device to travel purposely and selectively forward or backward through time. The term "time machine", coined by Wells, is now almost universally used to refer to such a vehicle or device. The Definitive Time Machine book.
