#### Description:

**Review** For those of us who, like the authors, have been exposed mostly to the secular accounts of this period of American history, the information presented becomes a revelation of very great magnitude. ... This book is important. I would that every professing Christian read Gods Holy Bible and this book. There are, of a surety, better and more comprehensive histories than this, but I would recommend none more highly to introduce the student to our Christian American roots as pertains to our beginnings on these shores. -- *Christian Forum Book Review*

Gives us new appreciation and inspiration to fulfill Gods plan for us as a nation. -- *Bill Bright*

Reveals our true national heritage and inspires us to stay on Gods course as a nation. - *Tim LaHaye*

**About the Author** Peter Marshall is a writer, historian, Presbyterian minister, teacher,

and popular conference speaker. David Manuel is an editor and the best-selling author of more than twenty books. They are coauthors of *The Light and the Glory* and *From Sea to Shining Sea*. --This text refers to the edition.

Many Bible examples of the glory of God miraculously appearing as light show that the sun was not necessary to provide light on Day 1. Genesis 1:14-19 tells us that the sun and the moon were not created until Day 4, nevertheless there was still a day-night cycle as at present (Exodus 20:11). To account for this, creationists usually conclude that God provided the Day 1 light source, that it was on one side of Earth, and that it was the cause of the day-night sequence on a rotating Earth.<sup>1</sup> In our experience, light needs a source, but this source does not have to be the sun, moon or stars. Other sources are fire, lightning, electric light globes, fluorescent tubes, luminous insects such as glow-worms and fireflies, etc. But none of this appears in *The Light and the Glory*, because it is less a book about Christians in U.S. History than about the authors' belief that God has set the U.S. aside as his own nation. The authors do not recognize how deep this split is, and spend no time discussing the American Christians who disagreed with the Revolutionaries, much less grappling with the fact that this new understanding of the Bible happens to fit perfectly with the beliefs of their non-Christian fellow revolutionaries rather than with the historic Christian church. Yet through all the gloom I can see rays of ravishing light and glory. A glory gilds the sacred page, Majestic like the sun; It gives a light to every age, It gives, but borrows none. The hand that gave it still supplies The gracious light and heat; His truths upon the nations rise, They rise, but never set. Let everlasting thanks be thine, For such a bright display, As makes a world of darkness shine With beams of heavenly day. My soul rejoices to pursue The steps of Him I love, Till glory break upon my view In brighter worlds above. William Cowper. Friday, January 3, 2003.
