

An Analytical and Practical Grammar of the English Language // Pratt, Woodford, & Company, 1853 // Peter Bullions // 1853

Accordingly in the English language there are: 4. Owing to the scarcity of synthetic forms the order of words, which is fixed in English, acquires extreme importance: The fisherman caught a fish. 5. One of the marked features of the English language is the extensive use of substitutes. A word substitute saves the repetition of a word in certain conditions. Here belong one, that, do. 3. The analytical forms of the Subjunctive Mood consist of the mood auxiliaries should, would, may (might) or shall (which is seldom used) and the infinitive of the notional verb. 5. In simple sentences the synthetic forms of the Subjunctive Mood are more frequent than the analytical forms. II. Complex sentences. Goodreads helps you keep track of books you want to read.
