Courses in LearnDash get put onto a [courses](#) page automatically, but you do have another option. For LearnDash sites that only have a few courses then keeping them on the default [/courses](#) will usually do just fine. This template is taken from your theme's blog post archives template. It will create a stylized course list which also comes with a few options. For example, you can display courses by a certain category, use a featured video instead of an image, include a brief description, and more. This course list is intended to make selecting courses at UVic easier. It includes courses that are recommended by the academic departments. that do and do not require prerequisites and/or corequisites. Not all courses are listed here. For a complete listing, see the UVic Calendar. Prior to the release of the UVic academic calendar in early June, students can check the likely availability of courses via the UVic Preliminary Course Timetable: September 2020 - April 2021. Scroll further down the page for the Course List, Term Calendar, and the Academic Calendar. They contain information about our program, including requirements, as well as key dates and a list of sample courses that have been offered at Quest.
