However, it is unclear what a fair street space allocation would look like. We develop a framework of ten ethical principles and three normative perspectives on street space – streets for transport, streets for sustainability, and streets as place – and discuss 14 derived street space allocation mechanisms. We contrast these ethically grounded allocation mechanisms with real-world allocation in 18 streets in Berlin. British philosopher Jonathan Wolff chooses five books by thinkers who have shaped the field of political philosophy. He explores the experiences that influenced each writer, saying 'it's very rare for philosophers to say very much about their history and what brought them to the views they have'. Interview by Nigel Warburton. It goes quite a long way back. As a teenager, I was very interested in left wing politics. I remember, age 15 or 16, going up to Tottenham Court Road and Charing Cross Road visiting Collets bookshop and buying pamphlets by Marx and Lenin – some of which I still have and use in teaching. I hadn't thought of philosophy or political philosophy as a subject of study, but I was very interested in political ideas. This edition of this book contains ten essays that introduce the reader to the main themes of the Straussian approach to political philosophy. My only caveat is for people who have already read some other books by Strauss or who plan to- most of what is contained in this book is in other collections of Strauss' writing (e.g., the first two essays are also in What is Political Philosophy) or are excerpts from other books (e.g., the fourth essay is the first chapter of. The University of Chicago Press should publish a standard edition of Strauss' complete writings (hint, hint). What I plan to offer in this review is some background to the reading of Strauss. This will not read like a review in the sense that I will provide little summary of the essays. You can write a book review and share your experiences. Other readers will always be interested in your opinion of the books you've read. Whether you've loved the book or not, if you give your honest and detailed thoughts then people will find new books that are right for them. 1.
