

# Middle English Dictionary, Volume 10, / University of Michigan Press, 2001 / 9780472012367 / 152 pages / Hans Kurath, Robert E. Lewis, Sherman McAllister Kuhn / 2001

Middle English Dictionary The Middle English Compendium has been designed to offer easy access to and interconnectivity between three major Middle English electronic resources. A Concise Dictionary of Middle English This book was published in 1888, and is now somewhat obsolete by the Oxford English Dictionary. Another readily accessible modern resource is the Middle English Compendium. Language Posts The only Middle-English Dictionary that has been carried on to the end of the alphabet is that by the late Dr. Stratmann, of Krefeld. This is a valuable work, and is indispensable for the more advanced student. However, the present work will still supply a deficiency, as it differs from Stratmann's Dictionary in many particulars. The book which has generally been found of most assistance to the learner is probably Halliwell's Dictionary of Archaic and Provincial Words; but this is not specially confined to the Middle-English period, and the plan of it differs in several respects from that of the present work. The scope of this volume will be best understood by an explanation of the circumstances that gave rise to it. 10. BT.: Bosworth-Toller AS. Dict. The goal of the Middle English Dictionary is to include all mean... The Middle English Dictionary is a monumental scholarly endeavor that began more than fifty years ago and is expected to be completed in the late-1990s. The task of the editors compiling the dictionary is to document the English language from just after the Norman Conquest up to the introduction of the printing press at the end of the 1400s. Published volumes include all fascicles from A.1 through T.10, plus the Plan and Bibliography. ....more. Get A Copy. Amazon.
