Some wildlife experts say this doesn't show animals as they really are in the wild, and I agree. But that didn't stop the pictures being beautiful. One artist, for example, had filmed videos of animals through coloured glass and another had added music " they worked really well. There were also action photos. One was of a bear that had climbed up a tree in a garden in Canada and refused to come down. Wildlife experts sent the bear to sleep with a special vet's gun " and a brilliant young photographer saw a great opportunity. He took a photo showing the bear falling out of the tree, fast asleep Ask a question and get an answer to your question from a verified Expert on JustAnswer, the leading Expert question and answer website.
