## Description:

A comprehensive and indispensable guide to world prehistory and how archaeology helps us to understand the enormous diversity of the human past.

The text has established itself as a thorough and authoritative survey of human prehistory and the development of civilizations. Written by an international team of acknowledged experts, it presents a streamlined overview through a series of chapters

focusing on individual regions and time periods. The Third Edition has been completely revised to offer updated scholarship and discoveries and features new color illustrations. 788 illustrations, 296 in color

In *The Human Past*, a team of leading archaeologists, all well-known specialists in their fields, provides a seamless yet uniquely authoritative account of human prehistory on a global scale. It highlights the enormous diversity of human experience and the ways in which archaeologists are able to learn about it. This includes the deep prehistory of human evolution, the more recent prehistory of postglacial foragers and farmers, and the literate civilizations of Egypt, the Mediterranean world, South and East Asia, and Central and South America. It provides an introductory account that takes the student through the human past using a regional and chronological framework, focusing as much on the archaeology of the everyday as on the spectacular and unusual. ...more. Get A Copy. Amazon. World Prehistory and the Development of Human Societies. Chris Scarre. Buy. £45.00. Add to Wish List. *The Human Past* offers authoritative and up-to-date coverage of prehistory. Thoroughly revised and re-designed, this new edition combines expert writing with a clear, student-friendly approach. • Newly designed timelines, maps and 50% more colour images enhance understanding. • Streamlined chapters clarify key concepts and improve the narrative. • A new chapter, "The Origins, Antiquity, and Dispersal of the First Americans"™ by David J. Meltzer, increases coverage of the Americas. • New "Key Theme"™ boxes link chapters through common issues in human history, focusing on climate change, domesticat
