Description:

Review "Unparalleled... rare, illuminating, and priceless."
- *The New York Times*

From the Inside Flap Destined to take its place alongside **The Diary of Anne Frank** and Elie Wiesel's **Night** as one of the great classics of the Holocaust, **I Will Bear Witness** is a timeless work of literature, the most eloquent and acute testament to have emerged from Hitler's Germany. Volume Two begins in 1942, the year the Final Solution was formally proposed, and carries us through to the Allied bombing of Dresden and Germany's defeat.

Victor Klemperer wrote his diaries during the twelve years of Hitler's rule. The English version of *I Will Bear Witness: A Diary of the Nazi Years, 1933-1941* was published in New York by Random House in 1998 (with a second volume covering the years 1942-1945), but the diaries have an interesting history. After Klemperer's death in 1960, his diaries were taken to the Dresden State Library. Walter Nowojski, a former student of Klemperer's, found them and, recognizing their historical value, typed the handwritten diaries in German. The diary is considered important as a detailed account of the spread of Nazism in Germany and the reception of Nazi ideals by the population. It represents the unusual perspective of a Jew throughout all twelve years of Nazi power. *Witness* is a work of literature as well as a revelation of the day-by-day horror of the Nazi years.

New! , improve This volume covers the years from 1942 This is exactly the same review that I left for "*I Will Bear Witness 1933-41 A Diary of the Nazi Years*". Why? Because the review still stands for this second volume. To say this book was a fun and enjoyable read wouldn't be accurate. This volume covers the years from 1942 to 1945. It's a bird's-eye view into the daily life and struggles of a non-Aryan man in the revolting grips of Adolph Hitler and Nazism. He is an incredibly perceptive and insightful man when it comes to the regime around him and he's charmingly oblivious to his own faults and quirks. These diary entries were written by a man who knew that he was living in a time that would one day make the history books. He knew this and he commented accordingly. *I will bear witness: a diary of the Nazi years 1942-1945*. 1999, Random House. in English - First edition. *I Will Bear Witness 1942-1945*. This edition published in March 21, 2000 by Random House. First Sentence. "It is said children still have a sense of wonder, later one becomes blunted."
